(Practical)

Marks : 19

Time : 6 hours

*The figures in the margin indicate full marks
for the questions*

1. Write the theory of the given experiment mentioning the working formula(e) to be used for calculating the results and brief procedure within the first 30 minutes and obtain the examiner's signature.

Perform and complete the experiment. Record the observations systematically in the tabular form, plot the graphs wherever necessary. Show the detailed calculations and report the final result.

10

2. Viva voce. 5

3. Laboratory record. 4
